In Memory of Mr. Eddie Hargrove

Mr. Eddie Hargrove was one of A Touch of Heaven's most seasoned and faithful clients since the start of my barbering career. A native of Warren County, Mr. Eddie was an inspiration to Warren County citizens in the Snow Hill and Perry Town communities. He retired from Seaboard Railroad Company and returned to Warren County to start a farming and agricultural business. He began this business as a means to employ many youth and adults in Warren County that faced difficulty in obtaining public jobs. Mr. Hargrove continued farming until he was nearly 90 years of age.

Mr. Hargrove valued his relationships with his family and friends. One of the things that stood out to me about Mr. Hargrove was that he had not missed but 1-2 of his family reunions in 45 years. He has shared much wisdom with the youth. In an interview with Mr. Ed before his passing I asked him what did he think could help the next generation of young men and adults in our community. His response was 1.) Have a relationship with God and realize that all things come from Him. 2.) Give young men at a young age responsibility: like pets, chores and duties around the home. Allow the young men to work along with their fathers on projects. 3.) Teach young boys how to love and respect his mother and father.
